FOR IMMEDIATE RELEASE

SILKE COMMUNICATIONS RELOCATES WASHINGTON OFFICE TO VANCOUVER

Silke Communications opened the doors to its new offices in Vancouver, Washington today. The new location is the Washington headquarters for the company; the Oregon headquarters remains in Eugene.

The new location is 14407 NE 13th Avenue, Vancouver. The phone number is 360-835-3772. Sales and service staff working in the Washougal and Portland areas are now in Vancouver.

"We're excited to have a single home base in southwestern Washington," says Dana Patten, a Silke sales rep who has been working from the Portland area. "I foresee even better communication and collaboration between the team members."

The company recently purchased Washougal-based County Communications. In the process and through inquiries with customers, it was apparent that the new facility would better serve the majority of the customers, while allowing Silke to make operational enhancements.

Silke Communications is western Oregon and southwest Washington's leading supplier of wireless radio solutions and communication tower services and spectrum. The company owns or manages nearly 30 state-of-the-art communications facilities. It also provides a full range of services, from site construction, maintenance and operation, to delivery of VHF, UHF, 800 Mhz, conventional and LTR networks. Silke also sells and maintains a wide range of wireless radio systems.

For more information about Silke Communications, visit www.silkecom.com or call 360-835-3772.
